

The MacBain/Riley International Fund The Frank McKenna Centre for Leadership

### ***Global Engagement Awards for Students***

The MacBain/ Riley International Fund was established within the Frank McKenna Centre for Leadership at St. Francis Xavier University. The purpose of this endowed fund is to open up high quality global engagement opportunities for undergraduate students. The fund's purpose reflects the belief of John MacBain and Dr. Sean Riley, StFX President (1996 – 2014), that international experience and opportunities are essential to the next generation of Canadian (and other nationalities) leaders in government, business and academe. It reflects the great value and great friendships that have arisen from their own international experiences. The fund is intended to provide early encouragement to undergraduate students to develop their leadership at the international level.

The fund will make annual grants adjudicated in a competitive process, to assist in funding:

- a) International placement in overseas internships, entrepreneurial projects, and development initiatives.
- b) Participation in international meetings or seminars where the focus is on international collaboration and leadership development.
- c) International volunteer activity with a leadership component.

The distinctive feature of the MacBain/Riley awards is that they will be focused on supporting individual students who have designed their own entrepreneurial plan for global engagement.

The MacBain/Riley awards may be linked with the international programs of the Coady International Institute.

Students who wish to apply for a MacBain/Riley Global Engagement Award to be utilized during the period May 1<sup>st</sup> – December 31<sup>st</sup>, 2016 should submit their applications to [xaverianleaders@stfx.ca](mailto:xaverianleaders@stfx.ca) by midnight February 1st, 2016.

Up to five awards with a value of \$500 to \$5000 each will be awarded in this third annual competition. Award funding may be used for travel (economy class), living expenses, conference fees and other reasonable expenses. Award funding may not be used for tuition fees. Upon return, students should submit their receipts to the office of the Academic Vice President and Provost and the awards will then be distributed. Award winners must provide receipts for all expenses identified on the MacBain Riley application.
