It is difficult to believe that we have been living in the shadow of COVID-19 for over a year. The pandemic has brought with it great upheaval, but as the vaccine rollout continues, I cannot help but be optimistic that we will turn the corner in the very near future.

I would like to congratulate those who were awarded their MEd degrees at the Spring Convocation on May 7. Best wishes are also extended to Dr. Laura-Lee Kearns, who was recognized as the recipient of the Outstanding Faculty Teaching Award.

In terms of the MEd program specifically, our spring term is well underway. As always, I would like to thank those individuals who are currently teaching a course. Your commitment and dedication to our students never ceases to impress me.

Much of my current attention is focused on planning for summer school, which will run from July 5-30. Although we had hoped to welcome students to campus, we will be conducting all courses virtually in July. An important feature of summer school will be the re-introduction of the Educational Research Forum on July 26. We have some terrific submissions from current and former graduate students, and once the schedule is finalized, it will be circulated.

I am also very pleased to report that Jane Meader will be resuming her role this summer as Elder in Residence. Further, Dr. Ann Lopez from the Ontario Institute for Studies in Education has agreed to join us as our Scholar in Residence. Dr. Lopez will also deliver the keynote address on July 26 as part of the Educational Research Forum.

A final point I wanted to raise is that change is a natural part of the educational landscape. In this regard, I would like to recognize Dr. Jeff Orr, who is completing his second term as Dean of Education on June 30. Jeff has been a tireless supporter of the graduate program, and I wish him well as he begins a well-deserved administrative leave. I also want to welcome Dr. Lacey Marie Brogden, who will begin her term as Dean of Education on July 1. Lacey Marie comes to StFX from Laurentian University, where she held various leadership roles. I wish her all the best on this appointment. I would be remiss if I also did not mention that this will be my final piece for the newsletter. My term as Chair will conclude on June 30, and I will be starting a one-year sabbatical on July 1. Certainly, it has been an absolute pleasure and privilege to have served in this role. Of course, I had the great fortune of working with a truly outstanding team. For fear of overlooking someone, I would simply like to acknowledge all our instructors, both full- and part-time. Thanks are also extended to those within the Faculty of Education and Continuing and Distance Education who always went above and beyond the call of duty. I would like to mention a couple of people by name with whom I worked very closely over my term. Jennifer Farrell and more recently Rhiannon Smith have been phenomenal. Their work behind the scenes needs to be recognized, as they were invaluable in ensuring everything always ran smoothly.

In closing, I want to reiterate that I feel privileged to have served as Chair of this program and I wish my successor nothing but the best as they assume this leadership role. And to all past and current graduate students, it has been wonderful working with each of you, and I hope your future endeavours are rewarding and successful.

As always, please stay well!

David
